

GET RID OF HUMORS

Hood's Sarsaparilla is the Medicine to Take—Makes Pure Blood

Dry, moist, scaly tetter, pimples, boils, and other eruptions come from humors, which may be either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous. Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and improves the digestion and assimilation.

Get Hood's Sarsaparilla from your druggist. It may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the roots of diseases, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing else can take its place.—Adv.

IRISH AGREEMENT

NEAR, IS THE BELIEF IN COMMONS

The Lower House of British Parliament Refused To Be Drawn Into Discussion Yesterday.

London, June 1.—Reports that David Lloyd George has succeeded in bringing the conflicting elements in Ireland into agreement were strengthened by an incident that occurred in the House of Commons yesterday afternoon.

Lawrence Ginnell, member from Westmeath, proposed a discussion of the question of courts martial in Ireland. Not a single member supported his request, thus sustaining Premier Asquith in his plea that they refrain from discussing the Irish question pending negotiations. The Daily News said yesterday that it was likely that Lloyd George would appear before the Commons to-day with a preliminary statement regarding the agreement.

VERMONTERS COMING BACK.

The Vermont association of Washington, D. C., has appointed the following five delegates to be present at Montpelier July 12 and 13: Major Charles G. Gould, W. T. Hubbard, esq., Hon. Wendell Phillips Stafford, Mrs. William E. Chamberlin, secretary of the association; Rev. Samuel H. Greene.

It is expected that Andrew W. Edson, president, and H. K. Twitchell, ex-president of the Vermont society of New York will be able to attend the meeting and that there will be other representatives of the New York organization.

E. E. Rollins, secretary of the Vermont Veterans' association of Boston and vicinity, writes as follows: "In regard to attending the celebration of the 125th anniversary of Vermont's joining the union such members as I have seen are greatly in favor of it. We shall have a special meeting within two weeks to consider the matter, and I will immediately thereafter inform you of the result. We certainly thank you for the invitation."

BARRE ASTONISHED BY SIMPLE MIXTURE

Barre people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE of constipation, sour stomach or gas. Because Adler-ika acts on BOTH lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. DIDN'T SAY HE WOULD ACCEPT

But Hitchcock Doesn't See How Hughes Could Decline

WEEKS MAKES A STATEMENT

Mrs. Roosevelt to Attend the Progressive Convention at Chicago

Chicago, June 1.—Frank H. Hitchcock, former postmaster general, who has been in Chicago for several days working in behalf of Justice Charles E. Hughes, whose friends desire him nominated by the Republican national convention for president, yesterday issued a statement denying that he ever said Mr. Hughes would accept the honor if tendered.

"Among questions asked me on my arrival here was whether Justice Hughes would accept the Republican nomination for president," said Mr. Hitchcock.

"My reply was that no man could refuse a presidential nomination tendered by his party in times like these and particularly if the party felt that he was the man above all others, who could unite its divided forces and lead them to victory."

Mr. Hitchcock reiterated his previous statement that he has no authority whatever to represent Mr. Hughes.

"I have come to Chicago solely on my own responsibility to work for what I consider to be the best interest of the Republican party and the country," he said.

A box at the national Progressive convention in the auditorium here will be occupied by Mrs. Theodore Roosevelt and other members of the colonel's family, it was announced yesterday. The list of box holders to the Progressive convention will include Gov. Hiram Johnson of California, George W. Perkins, J. Horace Wilkinson and W. Hamlin Childs of New York and Victor Murdock of Kansas.

Senator John W. Weeks of Massachusetts, a delegate-at-large to the Republican convention and a presidential candidate, arrived yesterday.

Senator Weeks issued a statement in which he said:

"At the capital I can discern what seems to me good evidence of a Democratic attempt at preparedness for the approaching political campaign, but I see slight evidence of any satisfactory attempt at preparedness for national defense in either its naval, military or economic significance. Here in Chicago, however, I expect to see effective means adopted toward this, and culminating in the framing of a platform and the nomination of a candidate such as will secure the support of all the people who believe in 'America first' as a real vital national doctrine to be carried out in legislation. My action will be guided solely by this principle."

George Von L. Meyer of Massachusetts arrived here yesterday and assumed direction of the Roosevelt campaign.

Washington, June 1.—President Wilson spent some time yesterday discussing politics at the White House. Senator Kern of Indiana, Representative Doremus of Michigan and Norman Haggood of the Woodrow Wilson Independent league were among those with whom he talked.

The president may make a campaign trip through the heart of the country, following his nomination. Tentative engagements already have been made for addresses in Kentucky and New Mexico and yesterday the president indicated to Representative Doremus that he would speak, if possible, in Detroit, in July. For the most part, however, it is likely the president's campaign will be carried on from headquarters in Washington and Long Branch, N. J. How soon he will leave for Long Branch has not been determined.

The president is now giving much thought to party platform. This matter and plans for the campaign are being left largely in his hands. The platform, in addition to an "Americanism" plank, will cover constructive proposals on domestic and foreign commerce and the building up and maintaining of increased business and friendly relations with South American countries.

With the news yesterday that Senator Kern, backed by the entire Indiana delegation, will go to the convention to renominate Vice-President Marshall, the White House made it clear the president will not enter into any fight precipitated over the vice-presidency.

WHITMAN TO NAME HUGHES.

Governor Hopes to Make the Nominating Speech at Chicago.

Albany, N. Y., June 1.—Gov. Whitman expects to place Justice Charles E. Hughes in nomination for president. The governor declared yesterday that he hoped to make the nominating speech for Justice Hughes at the Chicago convention.

"Will you prepare the speech here?" the governor was asked.

"No," he replied. "I hope to make the speech, but if I do it will depend entirely upon the events of the moment and will not be a prepared speech."

KNIFE RECOVERED.

Weapon Thrown at Mr. Roosevelt's Motor Car Found.

Kansas City, Mo., June 1.—The police yesterday recovered the knife that was thrown toward Col. Roosevelt's motor car during the Memorial day parade Tuesday.

It was a cheap one, having one two and one-half inch blade and a wooden handle.

Chief of Police Hammill said he did not believe the knife was thrown by anyone who wished to harm Col. Roosevelt.

Baseball Briefs.

Losing but one game out of sixteen games played, and that one after winning thirteen in a row, places Tufts as one of the greatest college teams on record, with a batting average that will be hard for any team to surpass at 310 and far superior to that of any other college team this season. The nearest rivals are Lehigh second with an average of .279; Wesleyan 278, Columbia with .277. Tufts is better represented in the individual average than any of the colleges, they having eight men in the three hundred class, with Leland leading at a .492 clip. Mahan leads the Harvard batsmen with an average of .393, while Bionaguro of Columbia swats the sphere at .385.

For the first time this year the Red Sox have a member in the 300 class, this being Cady who forged ahead until he reached .312.

The Braves didn't seem to have a great deal on the "Little Napoleon" and his Giants in the late series.

STRIKE AS A LAST RESORT

Railroads and Men Aim to Settle Their Differences

OPPOSE REFERENCE TO COMMISSION

Eight-Hour Day and Over-time Chief Issues Under Consideration

New York, June 1.—Representatives of the 325 railroad systems of the United States and of their conductors, trainmen and engineers will begin here to-day a series of conferences to settle, if possible, questions of working hours and wages.

Eighteen general managers compose the committee acting for the railroads, and they will meet four representatives from each of the employees' organizations—the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Engineers and Firemen, the Brotherhood of Trainmen and the Order of Railroad Conductors.

More than a thousand delegates have been sent here by the employees, and between conferences with the railroad managers, the representatives of the four brotherhoods will consult their fellow delegates. It is estimated that the conference will cost the brotherhoods \$50,000 a week.

It was said yesterday that a majority of the employees' representatives favor a strike only as a last resort. The workers, however, wish to settle the matter themselves, and are opposed to turning the questions over to the interstate commerce commission, a procedure which has been suggested by some of the railroad officials on the ground that since the railroads would have to earn more money to pay the wage increases demanded the question of rates is involved.

The demands of the workers are four—the eight-hour day for all, time and a half pay for overtime, preparatory time, and overtime by minutes. The engineers for the most part are now on eight-hour time, and the eight-hour demand concerns principally the trainmen. Time and a half for overtime is insisted upon for all workers.

The engineers are demanding the preparatory time, which means that if an engineer goes on duty at 8 o'clock and his train does not go until half an hour later he shall be paid for the half hour he waits.

The railroad managers estimate that to grant the demands of the men would cost them from \$100,000,000 to \$150,000,000 a year.

BRANDEIS VOTE TO-DAY.

Senate in Executive Session Will Act on Report Recommending Confirmation.

Washington, June 1.—Majority and minority members of the Senate judiciary committee yesterday completed their reports for and against confirmation of the nomination of Louis D. Brandeis for the supreme court. They will be submitted to the Senate in executive session to-day, when it will vote on the report of the majority recommending confirmation. The reports then will be made public.

BASEBALL BRIEFS.

Philadelphia fans showed poor sporting blood in the afternoon game Memorial day. When the Giants were winning, they took such measures as throwing bottles at the umpire and hurling epithets of different kinds. Umpire Harrison was escorted from the field by the police.

While Barry, the Red Sox second baseman, is laid off with a cold, McNally is substituting in the position in fine style. His presence on the team seems to brighten the team a lot by the speed he shows on the bases.

Philadelphia was the team to put the crimp in the Giants record, but Grover Cleveland Alexander failed to show much, being slammed about as hard as pitchers are ever slammed in the big leagues.

On Memorial day Clark Griffith used 10 players in the morning and 15 in the afternoon contest.

Ray Morgan, the veteran second sacker on the Washington team, is playing the fastest ball of his career. His fine work is attracting attention all around the American league circuit.

The Red Sox won both of their games in the third inning on Memorial day, running in four tallies in each inning, the score being 4 to 3 in the first game and 8 to 2 in the second.

With Shore, Ruth, Gregg and Mays all rounding into form, Bill Carrigan must be wearing a pretty broad smile these days.

Amos Strunk, the Athletic outfielder, is hitting the ball hard these days and is putting new life into the new machine that Connie Mack is building. His batting is the feature of Philadelphia's work at present.

Public Opinion

"The natural corn flavour is delicious!"
"Three wrappers preserve their delicious oven-crispness"
"They're known by the 'Bubbles'"
"Don't mush down in cream"
"Don't chaff or crumble in the package"

The first taste of New Post Toasties reveals the fact that something different—something better—has arrived for the breakfast table.

The secret is in the flavour—a self-developed flavour of pearly white Indian corn—not the flavour of cream and sugar upon which other flakes have to depend.

And notice, too, the appearance of New Post Toasties, particularly the tiny bubbles on the surface of each flake. These bubbles are a distinguishing feature—produced by the quick, intense heat of a new patented process of manufacture.

New Post Toasties do not "chaff" or crumble in the package, and they don't mush down in cream like other flakes. They're more substantial and are altogether more satisfactory than any flakes that have preceded them.

The proof is in the eating—have your grocer send you a package.
